National Institute of Bank Management (NIBM) becomes the first Institute to start E-Certification for Small Finance Banks and Payment Banks

Following the guidance of Reserve Bank of India (RBI) on capacity building in Banks and All India Finance Institutions, and upon recommendations of the Expert Committee under the Indian Banks’ Association (IBA), NIBM had launched the Online Certification Programme in 2016. The programme is designed to equip the Indian banking sector to face the challenges of financial inclusion, in particular to cater to the needs of MSMEs. The programme is aimed to provide Bank staff with knowledge and skills in various aspects of banking, such as credit risk, fraud management, and data analytics. The programme is delivered through a series of online modules that are designed to be completed at the pace of the learners, ensuring a flexible and accessible learning experience.
